MAGENTO INTEGRATION SERVICES

Microsoft Dynamics 365
Business Central

emarsys
An SAP Company

MAGENTO INTEGRATION

Integration with SAP Emasys

By integrating Magento with SAP Emarsys, we can create a more efficient, customer-centric, and data-driven e-commerce environment, ultimately boosting your online sales. Citytech will help you integrate SAP Emasys with your Magento store.

Magento Bloomreach Integration

Integrating Magento with Bloomreach enhances e-commerce capabilities by providing advanced personalization, search, and merchandising features. This integration allows for tailored customer experiences, efficient product searches, and cohesive cross-channel marketing campaigns. Additionally, it offers valuable insights into customer behavior and sales performance through comprehensive analytics. Citytech will help you integrate Bloomreach with your Magento store.

WhatsApp Messages for Key Events

Your customer will get real-time WhatsApp notifications about abandoned carts, browsed products, orders shipped etc. Citytech will help you integrate this with your Magento store
